Since applicants can apply for up to six hunt choices, an applicant may count as drawn for one hunt and not drawn for other hunts. For some hunts it may appear as though applicants in higher pools are not drawn, but this is not the case. Please note that although these applicants may not be draw for that particular hunt, they may be drawn for a different hunt selected as a higher preference. It is not possible for an application in a lower pool to be drawn ahead of an application in a higher pool.

Since applicants can apply for up to six hunt choices, an applicant may count as drawn for one hunt and not drawn for other hunts. For some hunts it may appear as though applicants in higher pools are not drawn, but this is not the case. Please note that although these applicants may not be draw for that particular hunt, they may be drawn for a different hunt selected as a higher preference. It is not possible for an application in a lower pool to be drawn ahead of an application in a higher pool.

Since applicants can apply for up to six hunt choices, an applicant may count as drawn for one hunt and not drawn for other hunts. For some hunts it may appear as though applicants in higher pools are not drawn, but this is not the case. Please note that although these applicants may not be draw for that particular hunt, they may be drawn for a different hunt selected as a higher preference. It is not possible for an application in a lower pool to be drawn ahead of an application in a higher pool.

\*Seventy-five per cent of the overall antlerless mule deer quota is allocated to the antlerless mule deer draw while the other twenty-five per cent is allocated to the youth draw. If there are fewer youth applicants than than the youth draw quota the remaining youth quota is reallocated to the antlerless mule deer draw (i.e. the antlerless mule deer quota may be exceeded by as much as twenty-five percent, depending on the number of youth applicants for that zone, but the overall combined quota for the antlerless mule deer and youth draws cannot be exceeded by more than three hunters).
